

## Promotion Policy

All students are automatically promoted to the next class at the end of the academic session. If a teacher is of the opinion that the student is not fit for the next class, in such case, the teacher in consultation with the parents and Head of school can retain the student in the same class.

### **For Grades 1-5**

- ✓ As a policy, we do not retain students in the same class at the end of the academic year. However, if a student is found struggling with the curriculum and consistently does not show any improvement at all, the advisory teacher will hold personal meetings with the parents to counsel them about their child.
- ✓ The sole objective of the first counselling session, which should take place after the first semester, is to give the child an opportunity to work harder to perform better.
- ✓ After regular monitoring of the performance of such children, the counselling should be repeated in February. In case the child scores below U in more than half of the subjects, it is indicative of the fact that the child will not be able to cope with the rigors of the next class. The parents are expected to make a written request to the school to retain the child in the existing class.

### **For Grades 6-8**

As far as overall assessment of a student for the purpose of promotion to next class is concerned, the following points will be adhered to:

- ✓ Every student is required to get a qualifying grade D or above in all the subjects in the Scholastic Area.
- ✓ A student getting U grade in scholastic areas in one or more subjects will have to improve his/her performance in one subsequent attempt to obtain qualifying Grade D in these subjects.
- ✓ 85% attendance is imperative.
